Inspiration

Comfortable and stylish; a modern,
uncomplicated and elegant hotel with the laid-
back soul of a bohemian in the natural hub of
Manuel Antonio

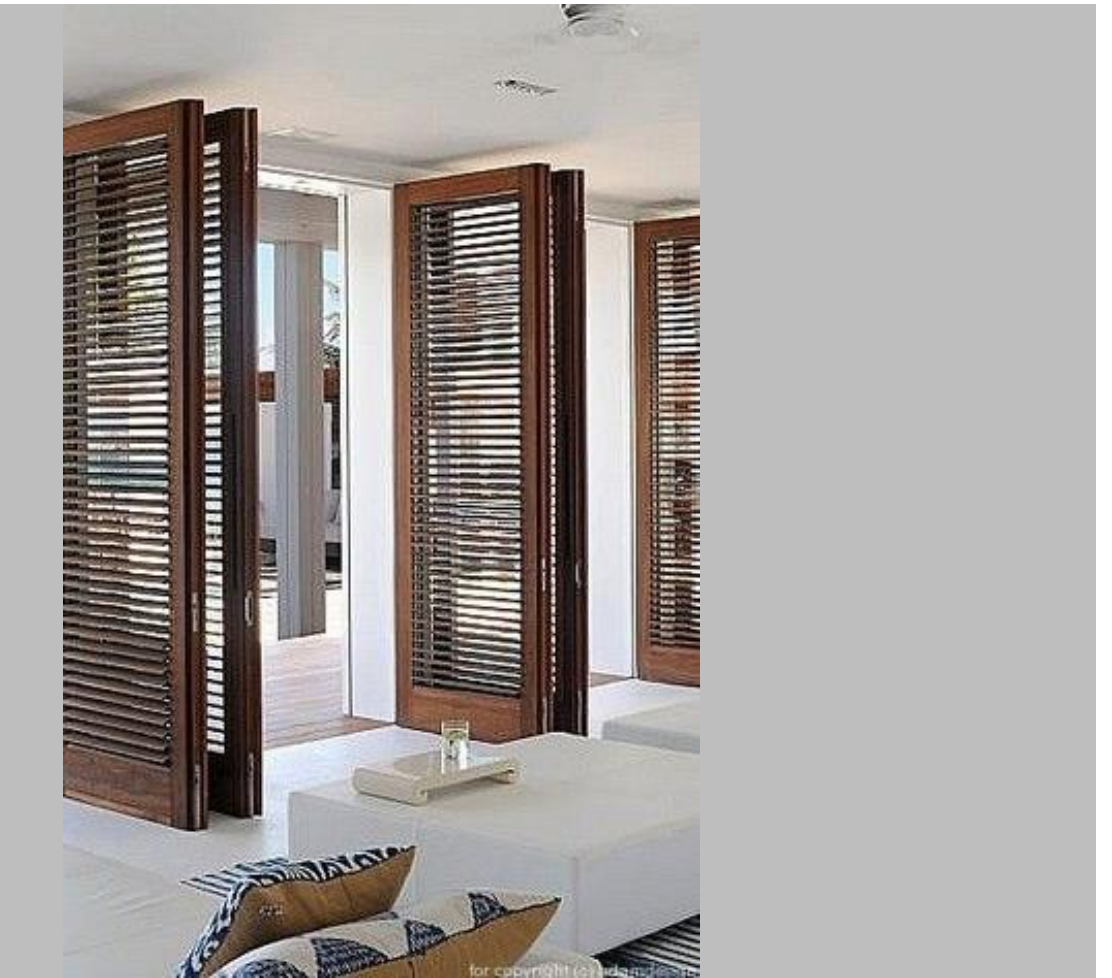

Vana Belle Ko Samui

The style is simple and unpretentious, giving the hotel a peaceful atmosphere ideal for relaxation. The rooms are private and spacious, with large, open bathrooms and some with split levels. The textures and finishes are natural and the color scheme strictly neutral in creams and browns.

Comfortable and low-key.
Designed to blend in, the
craftmanship stands out.
Your room is your place to
center yourself, open out to
the sounds of nature or
settle in to listen to your
inner voice.
